The Secretary to the Government of Madras,
Development Department,
Fort St. George,
Madras.

Sir,

Subject:- Power Mills - Engaged in crushing Copra.

I am directed to state that under the provisions of the Indian Central Coconut Committee Act a coconut cess is being collected on all Copra crushed in power mills coming under the purview of the Factories Act in the Provinces and States. I t has now been proposed that the cess should be collected on copra crushed in all power mills, whether included under the Factories Act or not. Necessary action to amend the Indian Central Coconut Committee Act in order to enable this being done is already under way. This office has now to take steps to collect accurate information regarding all power-driven mills which crush copra, irrespective of the number of hands employed in them. I am therefore, to request that arrangements may kindly be made through the District Collectors to furnish this Office with an up-to-date list of all power mills crushing copra showing the following particulars regarding each.

1. Name and address of the mill.
2. Name and address of the owner.
3. Number of rotaries in pairs.
4. If expellers are used, particulars thereof.
5. Power employed to work the machinery.
6. Crushing capacity per day of tem hours.

The District Collectors may kindly be requested to furnish in future the above particulars regarding any new mill started in their jurisdiction and also to intimate to this Office the closing of any existing mill.

An early compliance will be very much appreciated.

Yours faithfully ,

(Sd; Secretary)
